

The field's favorite app

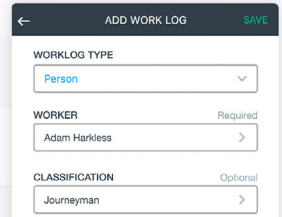

Raken builds a bridge between the field and the office with its user-friendly mobile and desktop applications designed to help you save time and improve your bottom line.

Progress

Share the whole story with updates straight from the jobsite, through photos, videos, and notes documenting project progress.

MATERIAL	QUANTITY
Bamboo Flooring 09-6433 Wood Flooring	500 sf
Carpet 09-6816 Carpeting	300 sf
Carpet Padding	300 sf

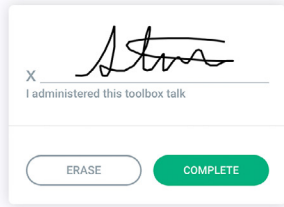

Productivity

Keep track of productivity with tools for logging labor hours, materials installed, and heavy equipment used.
